

CSA1506-CLOUD COMPUTING AND BIG DATA ANALYSIS

CO3-AT1-EXPERIMENTS

Assessment Tasks-II

Question 1:

Hospital information system for SIMATS Hospital

The screenshot shows the SIMATS Hospital Patient Information System interface. The browser address bar displays the URL: `D:/lokeswaran%20college/courses/CLOUD%20COMPUTING/assessment%20tools/files%20co3-at1-experiments/SIMATS_Hospital_HIS.html`. The page header includes the SIMATS Hospital logo and the text "PATIENT INFORMATION SYSTEM". A sidebar on the left contains a "WARD CONSOLE" with links to "Patient Records", "Appointments", "Billing", and "Tenant Settings". A green box in the sidebar indicates "0 Patients registered this session". The main content area is titled "Patient Records" and includes a sub-header "Register admissions and look up patient details across departments." Below this, there are two main sections: "New Patient Registration" and "Registered Patients". The "New Patient Registration" section contains a form with fields for "Patient name", "Age", "Address", "Phone", "Email", "Attender name", "Attender phone", "Doctor assigned", and "Status". The "Registered Patients" section shows a search bar and a message: "No patients registered yet. Add the first record using the form."

The screenshot shows the SIMATS Hospital Patient Information System interface after a patient record has been added. The browser address bar displays the URL: `D:/lokeswaran%20college/courses/CLOUD%20COMPUTING/assessment%20tools/files%20co3-at1-experiments/SIMATS_Hospital_HIS.html`. The page header includes the SIMATS Hospital logo and the text "PATIENT INFORMATION SYSTEM". A sidebar on the left contains a "WARD CONSOLE" with links to "Patient Records", "Appointments", "Billing", and "Tenant Settings". A green box in the sidebar indicates "1 Patients registered this session". The main content area is titled "Patient Records" and includes a sub-header "Register admissions and look up patient details across departments." Below this, there are two main sections: "New Patient Registration" and "Registered Patients". The "New Patient Registration" section contains a form with fields for "Patient name", "Age", "Address", "Phone", "Email", "Attender name", "Attender phone", "Doctor assigned", and "Status". The "Registered Patients" section shows a search bar and a list of registered patients. The first patient listed is "priya" with a status of "Stable". The patient details include: "priya · 45 yrs", "9874659879", "Dr. Meena Raghavan — Orthopedics", "Attender: kumaresan (4569889456)", and "Diagnosis: cancer".

Question 2:

cloud software application for online super market

CloudMart — Online Supermarket

CM CloudMart
ONLINE SUPERMARKET ORDERING

SaaS Demo - Multi-tenant Instance - Region: ap-south-1 - Autosaved to browser storage

tenant: cloudmart-chennai-01

STORE CONSOLE

- Customer Orders
- Inventory
- Delivery Slots
- Store Settings

ITEM CLASSIFICATION

- Groceries 0
- Fruits & Vegetables 0
- Dairy & Bakery 0
- Beverages 0
- Household 0
- Personal Care 0

Customer Orders

Capture customer details and cart items, classified by department.

New Order

CUSTOMER DETAILS

Customer name * e.g. Divya Shankar Phone * 10-digit mobile number

Delivery address * Flat/house no., street, city, pincode

Email name@example.com

ITEM CLASSIFICATION FORM

Item name (e.g. Basmati Ric) Category 1

+ Add another item

Place order Clear form

Recent Orders

Search by customer name or item...

No orders placed yet. Add the first order using the form.
